

Simple. Timely. Reliable

Maximize value, increase efficiency, and improve performance with Kellton Tech

KELLTON TECH

E-commerce Solutions for Manufacturers and Retailers

SAP Hybris Rapid Deployment in **90** Days

E-commerce for Small and Medium Enterprises

Looking for a Pre-configured, Rapid Implementation for **Manufacturing and Retail?**

Kellton4Commerce is the answer. It is the perfect starting point into the omnichannel world for leading retailers and manufacturers across the globe.

Our Solution

Kellton4Commerce, our accelerated solution for manufacturers and retailers, can help you implement **SAP Hybris** with an unparalleled pricing and support guarantee. We help successful B2B, B2C, and marketplace companies increase their sales worldwide and deploy in a fraction of time.

Based on the SAP Hybris omnichannel commerce platform, our solution leverages the power of **SAP C/4HANA** to empower you to master industry-specific challenges and gain a competitive edge. Build an online catalog and manage a responsive, engaging, and secure online customer experience in as little as **90 days!**

Case Study

B2B Rapid Implementation for Mid-size Furniture Manufacturer

The manufacturer took the first giant step of executing Phase 1 of their multi-year strategy to implement a B2B online storefront on SAP Hybris that integrates seamlessly with their SAP CRM and SAP ECC systems.

Kellton Tech delivered Phase 1 of the project, including end-user training, in less than 100 days and received full compliance certification from SAP on its **SAP Hybris** cloud platform.

Fixed Price/Scope

Kellton4Commerce is an end-to-end solution framework, which includes software, services, and three years of ongoing technical support. Our flexible pricing model puts you in control of your project costs. Together, we will assess your corporate goals, business requirements, project readiness, and technical support preferences to set a fixed price/scope for your e-commerce project.

Kellton Tech has over two decades of e-commerce experience in the Retail and Manufacturing industry, making us your e-commerce partner of choice. With a three-year technical support guarantee and accelerated deployment process, our **Kellton4Commerce** solution gets you up and running in record time for as little as **\$250K**.
